Go for the green...

Our unique golf course is unlike any other in the world. It is designed around famous Prehistoric Native American Earthworks that come into play on eleven of the holes. So enjoy lunch or dinner in the relaxed environment of the Grille Room or the more elegant setting of our dining room. And, in the warmer months, you can also enjoy dining on our outdoor patio or poolside, where one of our professional staff will be happy to take care of your food and beverage needs.
